INTERNAL LAYOUT TEST.
These are generic specimens, not author biographies.

Layout specimen A This paragraph is a layout specimen for one brief author biography. It fixes only the expected length and includes no claims about degrees, dates, appointments, research areas, honors, or memberships. The final text must come from the named author and be checked before submission. This is an internal typesetting test.

Layout specimen B This paragraph is a layout specimen for one brief author biography. It fixes only the expected length and includes no claims about degrees, dates, appointments, research areas, honors, or memberships. The final text must come from the named author and be checked before submission. This is an internal typesetting test. The reserved space also includes the standard portrait area. No invented personal information should appear in a submission manuscript.
